Perennial Parrot Newsletter Subscription

The Perennial Parrot began in December 1985 for the sole purpose of maintaining existing high school friendships, renewing others, making new friendships from our own and other classes, and maintaining the memory of our Polytechnic High School. None of that has changed. What has changed over the years is our cost to produce the newsletter, especially the hard copy version. In more than twenty years of producing this newsletter we have never taken in more than it costs to produce it ... nor have we ever broken even on expenses. The primary reason being the price and quantity of ink to print the hard copy and the postage required to mail it.

HARD COPY ... We will only offer the newsletter as a hard copy mailed to your door if you **DO NOT** own or have access to a computer. We will no longer send a hard copy with a CD or to Email subscribers. You can print a hard copy from the PDF file on the CD or web site.

CD ... The newsletter is available on a CD in the PDF file format that anyone with a computer and the Adobe Reader program (a free download on the web) can open and read. You can print out copies for yourself and friends. We also include an updated Club listing on every CD version, also in the PDF format.

EMAIL & INTERNET IS FREE ... You can open or print the newsletter for **FREE** from the Perennial Parrot web site at www.perennialparrot.com or, if you have a DSL or other high speed internet connection we can Email you the newsletter and club listing updates as PDF file attachments (requires Adobe Reader, a free download on the internet, to open and/or print the files.)

NOTE ... we do not recommend downloading the newsletter if you are on a dial-up internet connection as the file is usually between 7 and 8 megabytes LARGE ... A VERY LONG DOWNLOAD on a dial-up connection ... we recommend a CD subscription for those folks using dial-up to access the internet.

We do encourage all Polyites to send in photos and stories about San Francisco, Polytechnic memories, meeting with other Polyites, your favorite recipes, etc., for the newsletter ... we don't write the stories, we just edit them and put them in the newsletter for all to enjoy and remember our great school days at Poly. Please include name (maiden if lady) and class year (S or F and year).

Hope you'll join us in remembering the good times at POLY

Also available, if you are the curious type, is a CD with ALL issues of the Perennial Parrot in PDF format.

Hope to be hearing from you ... Happy Holidays to you and yours ...
